Gabriel Rozanski

Student

A highly experienced and results-driven computer science student with a strong foundation in computer science principles and extensive experience in the Python programming language. Proven ability to design, develop, and implement complex software systems using Python. Strong analytical and problem-solving skills, with a keen interest in software development and a desire to continue learning and growing as a professional in the field.

EDUCATION

A-Levels
Canons Hight School

09/2021 - Present
Current Courses:

- A-Level Computer Science - Predicted A
- A-Level Business - Predicted B
- A-Level Economics - Predicted B

PERSONAL PROJECTS

Duck Hunt ⧉
- This is for my NEA coding project for my A-Level Computer science class, which is to create a game using Pygame and innovate it
- https://github.com/GRoz9/Duck-Hunt-Game

Spotify to YouTube playlist converter ⧉
- This allows me to grab my Spotify songs using an API and lets me search YouTube for them and create a playlist, which then adds them. This was possible by using both the Google & Spotify APIs
- This was one of my favourite projects to work on due to the challenge I had to face whilst coding as it allowed me to develop my problem-solving skill further
- https://github.com/GRoz9/SP-To-YT-Playlist-Converter

My Own Discord Bot ⧉
- This project was built to create a bot that servers for my server so that I will perform certain tasks required and help with automating the server
- https://github.com/GRoz9/G9-Bot

Weather App with GUI ⧉
- This is done by using python, tkinter and an API to create a weather app that is functional to display the weather information for a user for any given location
- https://github.com/GRoz9/Weather-App

YouTube Video Downloader ⧉
- This project was done, when I was about to leave for a trip to Poland, therefore I made a simple script that will download videos from YouTube onto my phone so that I have something to watch whilst I was travelling
- https://github.com/GRoz9/Youtube-Video-Downloader

SKILLS

`Motivated` `Python` `Problem-Solving`
`Research` `Communication Skills` `HTML & CSS`

GCSE CERTIFICATES

GCSE at Canons Hight School (09/2019 - 09/2021)

• Maths: Grade 5

• English: Grades 5 & 5

• Science: Grades 5 &5

• Design and Technology: Grade 6

• Computer Science: Grade 5

• Business: Grade 7

LANGUAGES

Englihs
Native or Bilingual Proficiency

Polish
Native or Bilingual Proficiency

INTERESTS

`Python` `Football` `Cars & F1` `HTMl & CSS`
`Chess`
